AkiRekt Just fed these moronic jocks some Carolina reaper sanwiches lol.

Vicky's boobs sure are freakin' huge! Older girls are more adventurous, huh? Wonder what she has in mind for today...
I'm a bit nervous

So there is this guy at the Uni, this asshole! His name is Akira, and he's a douchebag prankster. He's a tiny shrimp 19 years old freshman who goes around doing nasty pranks on people and disrespecting the fraternities to boot. We all hate him but the girls seem to like his boyish charms, his in-your-face attitude and pretty face. He even just start dating a hot sophomore too which is bullshit, btw, since we learned from his old high school friends who saw this asshole actually watches gay porn in secret. Guess he's one of those confused teens.

Well, we gonna help make things less confusing for him.

After a quick chat with our alumni frat brothers, they got us in contact with this one online group who are doing something called the "FindUrDaddy" challenge. They showed us some videos and pictures of their previous "operation" and it's so fucked up and definitely perfect for our little bitch boy who uses stupid pranks as a way to distract himself from his slutty urge. The group will provide us with all the equipments and even help handling the process. we just had to provide them with the shrimp's information. In return, they will film the whole thing and sell the contents later. Of course, we signed his ass up.

A few days later after some planning and setting up, the "grab team" went out and retrieve "the baby" (With the help of the info we provided) of our challenge for his preparation.

The "preparation" took a while, but we all had a lot of fun playing with our knock-out new toy, the baby, while prepping him.

After gathering some "materials" we put Akira, well, now Aki-chan into a cute little babydoll dress with the whole getup, which looks quite good on his slutty shrimp ass. Also, as we said, he was prep. A Bluetooth earpiece was put discreetly put on him, a chastity cage was locked around his tiny dick and a wireless, multi-function dildo shoved deep into his asshole. Then we put him in front of a mirror, in an empty closet near one of the uni's cafes. Waiting for the challenge to start. A small vibrate command to the dildo should wake Aki-chan up nicely, while we can see what's going on through a wireless camera in the eyes of "Teddy", our little slutty baby new favourite toy.

Akira didn't understand what's going on. He was awakened by an uncomfortable pain in his stomach... no in his posterior. Something was vibrating lightly and it stopped as he opened his eyes.

Still groggy, he found an absurd version of himself looking back in the mirror in front. Someone put him in a girly, no more like a kid's babydoll dress and accessories. There's also something else. His head was pounding, there's a weird putrid taste in his mouth, his body was aching all over, especially the sharp pain coming from below combined with a weird warm feeling he never felt before. Then, he saw it in the mirror, There a pink chastity cage locking his private and something tube-like stuck in his rear.

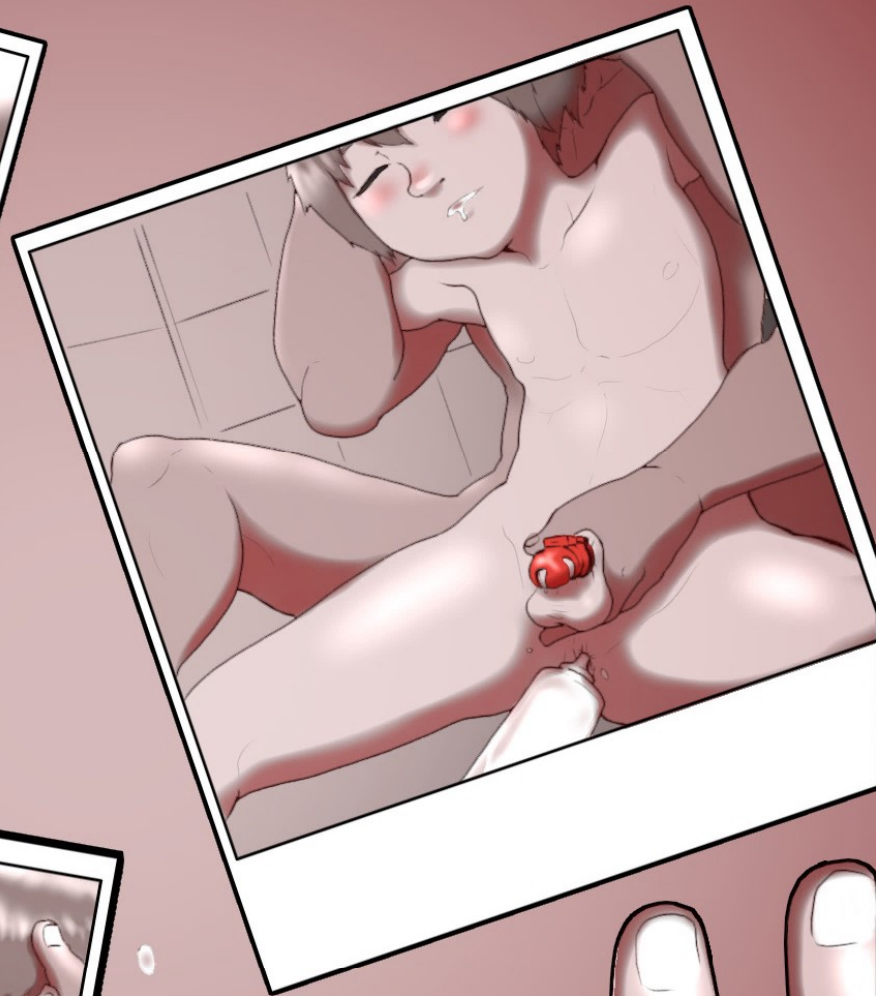

"Good morning, Aki-chan" A voice crackled through the earpiece, startled the confused young man before he could investigate anything further. "Welcome to the find your daddy challenge. You are our slutty baby of the day! Congratulations!"

"WHAT THE FU..." The confused young man began to shout, as the voice continued, ignoring him. "You probably have so many questions right now. Like what's going on? If you look below you, you will find some materials we took of your preparation last night."

Akira looked down, and he saw them. Many pictures of him in compromising lewd acts. Clearly showing his face in every picture with him among unknown larger men. "You were playing with the uncles all night last night. We had so much fun making those!" The voice chirped mockingly. Laughter can be heard in the background.

"What the fuck do you want??" enraged, he asked through gritted teeth.

"Oh, poor Aki-chan. Our lost little slut. We just want to help you find your daddy."

"Be a good girl and the pictures will remain as our secret."

Akira was immediately reminded of the pain. He nervously reached down under the ridiculous dress and explored his crotch area. He felt a hard plastic tube tightly fitted on his penis. It confined his member to its smallest state. Further reach found him a device, which to the young man's horror, was buried deep inside his anus. It had to be quite massive, since it was causing him tremendous pain. This also seemed to be where the mystery warmth originated.

"I see you found your little birdie cage and prostate massager. One tiny, just the right size for you, and the other is long and fat also just the right size for a slut."

"Who the fuck are you calling a slut, you cocksucker???" Akira blurted out as he tried to pull apart the devices, but they and the belt holding them together are way too sturdy. Each of his attempts instead causing him more pain. But before he gave up, the voice quickly interrupted.

"Bad girl!"

Akira immediately felt a couple of electrical jolts firing inside his stretched rectum, stopping him in his track as he shook wildly for a solid 10 seconds. tears started to brim in his eyes.

"Now you know what happens to a bad baby girl." The voice said mockingly.

"Next is what a good girl gets and uses to help her find her daddy." In the place that the previous shock originated, a vibration took its place instead. The stimulation was nothing like anything he ever felt before and making his restrained member growing in its cage.

Akira never felt such pain and pleasure at the same time as this.

"The rules are simple, Aki-chan."

The sinister voice chimed on.

"If you try to escape or get anyone else involved, the pictures and clips immediately go live. So, be a good little girl and focus on finding your daddy."

"Now, the key to your little cage is in your daddy's hands. He is somewhere within this block, waiting for your stuffed ass. You will find him by using your slut sense through the loving, vibrating shaft inside your asshole."

A low vibration started again, causing Akira to shudder. A small moan escaped his mouth.

"The closer you are getting closer to him, the stronger the vibration. The strongest setting is when you are within the 20 feet of your daddy. After that, you need to ask." The voice paused, clearly trying to hide their laughter.

"Just come up to your candidate daddy and say exactly this: Mister, Are you my daddy? Can you be my daddy?"

Akira was in shock from the absurd task. He gritted his teeth and clenched his fists but said nothing. The soft vibration was still causing him uncontrollably arousal and pain.

"The real daddy will give you one task and if you be a good girl who makes her daddy happy, then you will get the key and we will destroy all of the pictures and videos, but if you cannot get that within the time limit, then you will get punished by the mean daddy." That cannot be good. Akira thought to himself.

"You have 30 minutes, and... it starts now. Don't forget your teddy bear."

The weakened young man took close to 5 minutes to stressfully contemplate his options while the vibration seemed to slowly drive him insane. Akira finally struggled to the door.

There is no choice.

"Is it this guy?" Akira mumbled to himself between rapid breaths.

BUZZ!"

Fuuuuuck! No! It's still getting stronger!"

It's been 15 minutes. This was already the 10th person that he tried to approach. The vibration just kept endlessly getting stronger, causing him pain, arousal and driving him insane at the same time.

It was not really a large area to cover, but he can only move so slow. People kept staring and whispering as the teenager in a frilly babydoll dress that would be more fitting in a 6-year-old girl walk by. His face was completely red, his body was covered in sweat and His legs are shaking like a newborn deer. Every movement he made exacerbated the sensation from the vibrator. Making things worse by the minute. The young man had never been more ashamed, embarrassed, in pain or so aroused in his life.

"Why are you still doing this??" He thought to himself.

"What the fuck will you even gonna do when you find this fucking daddy?? What are they gonna have you do, idiot!?" The young baby girl/man squeezed the doll in his arm tighter. Taking out his confusing emotions.

Just then, the vibration that was constantly increasing finally stopped, and slightly decreased. Akira looked around behind him. He just passed the "daddy".

He turned back and moved toward a cafe he just passed. The strongest vibration came back on making him shudder.

There he is. An older guy sitting there sipping his coffee and looking at his phone. It has to be him, right?

At the back of Akira's panicked mind, there's an unexplainable relief as he saw the potential "daddy".

"He doesn't look too bad..."

'Wait! fuck! What am I saying?? Doesn't look bad? for someone who might be your **FUCKING DADDY?** This guy is a part of these fuckers who put me in this hell!'

Akira thought to himself as he paused mid-sentence. The pain and arousal kept muddling his exhausted mind.

The vibration was at the maximum and his cage is getting more and more painful. He wanted it taken off badly. He could feel some wetness leaking from the confined tip.

The man stared at him. Waiting for his next word. He looked quite shocked at the young man-babygirl who approaching him. Or is he not it?
But what else can Akira do?

'Fuck it. I want to cum!'

He then repeated the humiliating lines in his head and said it.

M...
Mister,
are you
my... d...
daddy?

Oh
...

C-Can
you be
my
daddy?

What did that girl just say??

Oh my!

Er...
Well...

*I
said
it!*

Does she
sounds a
bit weird?

whisper

**He said it.
Thunderous laughters can be
heard through the earpiece.
Akira's perverse tormentors
heard and saw everything.**

**"You fucking did it! Aki-chan!
what a whore!"**

The man nodded and gestured toward something under the table as he spoke.

At that moment, Akira's eyes focused on a figure hiding under there.

Victoria, his upperclassman and girlfriend.

She also dressed in a ridiculous adult baby costume as his. And more shockingly the young lady is vigorously giving the man full-on fellatio as if her life depends on it. Akira can see a nervous, shameful look in her as their eyes met, but to the young man's anger and confusion, his girlfriend refused to stop pleasuring the stranger.

Clearly, somehow the bastards got to her too and this man is her "daddy", Akira realized.

I'm sorry, little girl...

chuckle!

But I already got one of you here...

Slurp!

Slurp!

Victoria ??

Woah! Oh! Don't start throwing tantrum now, Aki-chan.

Snort!

I'm now your daddy, Babygirl!

Snort!

Now let's go get to know each other in the toilet over there

Snort!

What??

BZZZZ!

W... Wait!

Enraged, Akira raised his hand to strike the man despite his weakened state, but he was immediately stopped by a massive hand grabbing his from behind. A musty, sweaty smell wafted from behind. At the same time, the vibrator inside Akira kicked up to full power, almost made him collapse, and effectively rendered the man-baby defenseless.

"Oh! So sorry, Aki-chan! But that daddy is taken by our slutty little Vivi!" The same cheery evil voice came from the earpiece.

"And the penalty of trying to steal other baby's daddy is..."

Penalty? What the fuck? Akira thought to himself as he looked back at a monstrous man holding his wrist. This guy had to be close to 2 meters tall and weight somewhere above 100 kg.

"Immediate adoption by the penalty daddy!"

"Our penalty daddy today is Big Donny! The generous custodial who helped us setting up the hidden cameras all over this place for the game today! Big Donny is also our biggest daddy and voted by our member the most disgusting daddy!"

Disgusting is the right word. The giant leering at his trembling prey while breathing through his mouth down on the tiny young man. His breath smelled rotten.

"Congratulation, baby Aki-chan, and daddy Donny!" The voice announced with applause and laughter in the background.

"Here you go, Aki-chan"

After practically carrying Akira's weakened body into an empty public bathroom stall, Big Donny presented Akira with a ridiculously looking golden penis-shaped pendant.

"It's a symbol, hehehe... that from now on, you are... hehe... an adopted babyslut belong to me" Donny could not stop himself from giggling with excitement as he tied the phallic pendant around Akira's neck.

"N... No... Fuck you! You filthy fuck!" Akira cursed, failing completely to remain calm as the vibrator in his anus still running at full power, driving him closer and closer to insanity from pain and horniness.

"Oh! Such a bad girl with a potty mouth. Daddy gonna teach you how to use your mouth correctly" Donny quickly removed his overall. Revealing his massive manhood aiming right at Akira's face. It reeks like a slice of old cheese.

Before the young man-baby can act, Donny pried his mouth open with one hand and shoved his member down Akira's throat. The newly born babyslut didn't even have the strength to bite down on his attacker as he struggled to breathe through the rapid strokes.

Akira could feel more and more wetness leaking from his caged crotch. He didn't understand what is going on with himself. Here he is, being forced to take a stranger's stinky penis in his mouth, but his body kept getting more and more turned on. It has to be the damn vibrator! He thinks. He couldn't focus too long on the thought as other extreme sensations attacked his mind.

After what seemed like an eternity of a skull-fuck, Big Donny finally let up. He quickly picked up Akira's limb body and turned him around. Akira, who was still coughing from the oral assault didn't have time to react as Donny used some sort of a key to remove the belt that'd been holding the evil vibrator inside the young man for the past hour or so.

The release was explosive. Akira could feel more wetness leaking out of him as the invader was finally removed from his anus. It somehow felt good... and he wanted it back...

To his shame, He unknowingly moved his pelvis to follow the withdrawing phallic device. And as he did so, Donny unceremoniously replaced it with his own massive member.

He continued the same maddening tempo as he did with Akira's mouth. Each stroke sent The babyslut's mind reeling with pain and pleasure.

Akira never felt so humiliated and so good before in his life.

"Good girl, Aki-chan."
"Aki is a good babyslut"

I'm a good... girl?

If I'm a good girl then I can
keep feeling this good?

Donny's grunting voice kept
repeating in Aki's head. It's
what he said as he made
him... made "her" feel so
happy again and again.

How long has it been?
How many times did Donny
come inside and on her?
How many times did daddy
Donny make her come?

Aki lost all senses and
strength. She lied there on a
dirty bathroom floor, lewdly
spread open and covered in
stinky, musty semen of her
new "daddy". Her intoxicated
mind is filled with euphoria.
The pain in her crotch from
the cage was still lingering
there, but it doesn't matter
anymore.

As exhaustion finally got a
hold of her, Aki thought to
herself as her consciousness
faded away.

Her new daddy will make it all
better.

Phew!
I'm all beat!

Snort!

Never came
so much in my
life.

Heheh!

Let's go
home,
Aki-chan.
